Bowling Green Skating Club is hosting its annual Tuxedo Invitational Basic Skills Competition on Saturday, September 18, in Adrian, Michigan. This is a fun event for beginning figure skaters through more advanced skill levels. If your skater is interested in participating in the competition and does not have a private skating instructor, then the "competition preparation" class would be very beneficial. For the skater who has a private instructor, bring your music to class and get the extra practice time and helpful tips from the Club pros too!!

**Why should my child attend?**

Curious about what competitive figure is all about? This is a great opportunity to have your child's skating skills evaluated by our figure skating professionals, and an individualized competitive program will be put together for your child. Approximately six hours of instruction and practice time will prepare your skater for our competition on September 18. The instructors will also assist you in preparing the registration forms for the competition, which they can provide at the sessions.

On the first date of this program, we will conduct a "parent education" and question/answer session about basic skill competitions and how you can help your child be prepared.

For more information about our programs, membership benefits and the Basic Skills Competition please visit our website: [www.bgskateclub.org](http://www.bgskateclub.org).
